REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest, in the claimed combination, a rotary actuator used in an adjustable article of furniture incorporated with a structure thereof including an electric motor connected by a drive shaft to a transmission which is connected to a power takeoff to a planetary gear with a sun wheel connected with the power takeoff having first and second internally toothed outer rings rigidly connected to the same toothing, an internally toothed intermediate ring positioned between the first and second rings so that it can rotate about its axis relative to the outer rings, a plurality of planet wheels in engagement with the two outer rings and the intermediate ring and sun wheel wherein the intermediate ring has a mounting bracket connected with one part of the structure and the outer rings or their rigid connection has a mounting bracket for connection with the other part of the structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
